Adding Custom Questions

Course Evaluations and Surveys allows administrators and faculty to create their own custom surveys, which consist of up to 10 questions. These surveys are add-ons to the base evaluation type, and they can be assigned to all courses in a department, a specific group of courses, or just one specific course.

These surveys are reusable every term: you may create many unique sets of 10 questions, and reuse them repeatedly without recreating them. 

Note: When significant changes are made, it is easier to create a new custom question survey.

1. Click Custom Question Surveys.

2. Click Create New Custom Question Survey.

3. Provide a Title, optionally provide a Description (neither are visible to students). Then click Save New.

4. Select Question Type drop-down menu will appear. Choose a question type, and then click Add.
   a. Please see Question Type Overview and Samples for an overview of question formats.
   b. Note: For questions that should repeat for each instructor being evaluated, make sure the setting “Enable for Team Taught Courses” is selected. If you only want the question to appear once, do not enable this option.

5. When all questions have been added, click Save.
Assigning Custom Questions to Evaluations and Courses

1. Click **Attach Surveys to Projects**.

2. Choose the evaluation type that contains the course or courses to which you would like to add questions, and click the corresponding plus sign ("+") in the “Add Questions” column.

3. Select **Add Custom Question Survey** from the top-left.
4. Search for and/or preview your set(s) of custom questions. Click the check mark in the “Select” column for the desired question set, and then click **Select Courses** (bottom-left).

5. To assign to all courses in your department, from **Select from Hierarchy Levels**, scroll until you find your department, and place a checkmark on it. Click Finish. You’re done.
6. To assign to specific courses, from Select Specific Courses and click Add Courses.

7. Search for Courses, put checks in the courses to add the additional questions too and click Add Selected Courses. You may repeat these steps for each additional set of questions and courses.
Question Type Overview and Samples

- Single Selection Question: Single Selection Question type is where the student will pick from one of many options. This works best for yes/no and likert-type scale questions and can be formatted both vertically and horizontally. (pictured is a vertical single selection)

1 - Single Selection Question Type:

How satisfied were you with this course?

- Very Satisfied
- Satisfied
- Neutral
- Dissatisfied
- Very Dissatisfied

- Multiple Selection Question: Multiple Selection Question type allows the student to check all that apply and is only appropriate when asking the student to select multiple or potentially multiple responses from multiple options.
3 - Multiple Selection Question Type:
Which mode(s) of transportation did you utilize to commute to school? (Please select all that apply)

- Car
- ☐ Bus
- ☑ Train
- ☐ Bike
- ☐ Skateboard
- ☑ Walk

- Matrix Question: Matrix Question type has a common response scale and multiple items being evaluated on the same response scale. Here, the student would go through and respond to the different items from one response scale.

4 - Matrix Question Type:
Please rate your level of satisfaction with the following:

<table>
<thead>
<tr>
<th></th>
<th>Very Satisfied</th>
<th>Satisfied</th>
<th>Neutral</th>
<th>Dissatisfied</th>
<th>Very Dissatisfied</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bookstore</td>
<td>○</td>
<td>●</td>
<td>○</td>
<td>○</td>
<td>○</td>
<td>○</td>
</tr>
<tr>
<td>Cafeteria</td>
<td>○</td>
<td>○</td>
<td>○</td>
<td>○</td>
<td>●</td>
<td>○</td>
</tr>
<tr>
<td>Study Lounges</td>
<td>○</td>
<td>○</td>
<td>●</td>
<td>○</td>
<td>○</td>
<td>○</td>
</tr>
<tr>
<td>Gym</td>
<td>○</td>
<td>●</td>
<td>○</td>
<td>○</td>
<td>○</td>
<td>○</td>
</tr>
<tr>
<td>Outdoor Commons</td>
<td>●</td>
<td>○</td>
<td>○</td>
<td>○</td>
<td>○</td>
<td>○</td>
</tr>
<tr>
<td>Campus WiFi</td>
<td>○</td>
<td>●</td>
<td>○</td>
<td>○</td>
<td>○</td>
<td>○</td>
</tr>
</tbody>
</table>

- Numeric Selection Question: Numeric Selection Question type allows you to set up numeric ranges using a slider and the student can then input a numeric selection based on that range.

5 - Numeric Selection Question Type:
How many hours per week did you spend studying for this course?

14

0

40
- Open-Ended Text Response Question: Open-Ended Text Response Question Type is for write-in responses and/or comments.

**6 - Open Ended Text Response:**

*Please provide any additional comments:*

I really enjoyed this course and instructor, but the textbook was out of date.

- ORGANIZATION with Survey Label: The Survey Label is text that you can add anywhere in the body of your survey to organize, write instructional text or add a thank you message at the end. You can insert these survey labels anywhere throughout your survey to add these text breaks.
